

Frequently Asked Questions

Am I a candidate for Ultraformer MPT treatment?

With the new Ultraformer MPT, there is a wide range of treatment options that are suitable for almost everyone who is concerned about skin laxity, fine lines, wrinkles, dullness and more.

When will I notice the results?

Results may be visible immediately after treatment. As the collagen regeneration process continues, your skin will continue to improve over time with best results being seen around 3 months post-treatment.

How long do results last?

With post-treatment care, the benefits of the treatment can last for around 12 months.

Is there any treatment downtime?

Some patients may experience slight redness or tenderness on the treatment area.
